

Washington Coast Sustainable Salmon Partnership

Planning Committee Meeting

ROUGH NOTES

July 13, 2011 10:00 am – 2:00 pm

Port of Grays Harbor, 111 S. Wooding, Aberdeen

Attendees:

Miles Batchelder, Chair
Bob Burkle
Dana Dietz
Mike Johnson

Katie Krueger
Key McMurry
Lee Napier
Rich Osborne

Review entire Plan for:

- Consistent writing style
- Consistent use of “salmon” and “wild salmon”. Our goal is a wild population, but in the interim we’re talking about all salmon.
- In relationship to working with other organizations, search for “work to” or “work with” and, if appropriate, change to “support”
- Change “Large Woody Debris (LWD)” to “Large Woody Material (LWM)”

Changes based on comments received:

Instead of repeating them all here, please see new Plan draft (on August 4th).

Order of the document

Question is – Does it tell the story properly?

It was agreed to keep it as it is, but refer to the Planning Process chapter whenever appropriate so readers can navigate to it.

Acronyms and Glossary

Put Acronym list at beginning of document, Glossary at the end.

Add a preface to the Glossary explaining that not all the glossary words are in the Plan, but might be used in the future.

Timeline

From our discussion, staff has created the following Timeline for activities and “clean copies”

July 14 – Aug 4	Enter comments from: 7/13 and 8/2 Planning Cmtee meetings, Key, Bob, others as receive
Aug 4 * August 31	Staff send clean copy to: Planning Cmtee, RTC and Lead Entities
Aug 4 thru Sept 13	Joint Planning/RTC Meeting Sept. 6 or 13 Review by Lead Entities
Sept 15 ????	* Clean copy to Board
Sept 21 ????	* Board approval of release to public
Late Oct/early Nov	Public Review events

* August 4th isn’t going to happen given quantity of comments we’ve received.
